# Curvy Words

Oh, no! The letters from 8 words have been curved and hidden in the puzzle.

A curved word may start anywhere in the puzzle. It can then move in any direction.

Once a word has used a square in the puzzle, that word may not re-use the same square. But another word is allowed to re-use squares from other words.

How many words can you find? Good luck!!

R	E	E	A	T	L	R	C
